APEX SOCCER CLUB

CLUB EVENTS & FUNDRAISERS

As a member of ASC we require all members to participate in club fundraising functions that are predetermined by the ASC Board. These fundraising events are essential to offset team and club expenses such as tournaments, referee fees, facilities, training fees, and player financial aid. Each event is designed to give an opportunity for teams to raise money for their team account and the club. Full details will be given to families by their team representatives.

ASC VOLUNTEER COMMITMENT

As a member of ASC we require all families to volunteer hours of service each year. These hours help run our fundraising events, maintain our facilities and host our own tournament. Team representatives will have details of volunteer assignments prior to these events.

The majority of service hours are required at the Ventura County Premier Cup (VCPC) which is Apex SC's annual soccer tournament. The club requires that all families volunteer up to 7 hours of service *per player*. Volunteer hours may be required at times when your child is playing and possibly at a different venue. Families may choose to pay a \$150 fee due at time of player registration if they are unable to volunteer their time for the tournament. Failure to fulfill the required volunteer hours will result in a \$150 fine.
